Policy Reference: EL-1.1

Lakeshore School Division shall:

- Revise existing policy and develop new inclusive education policy to ensure compliance with existing constitutional and provincial human rights legislation and with provincial legislation, regulation, policy and guidelines
- Ensure that written local policies and procedures reflect standards for student services and appropriate educational programming
- Ensure that inclusive and appropriate educational principles are considered when creating new policy, and that the policy
 - is inclusive of all persons
 - respects the rights and needs of all persons
 - avoids unintended negative outcomes
 - reflects the goals of equity and fairness for all

Lakeshore School Division shall:

- Annually engage in planning, assessment, monitoring and reporting to parents and the community on school division and school goals including
 - Supports and services available to students
 - Information on how to access the supports and services
 - Information on expenditures related to student services
